

Sabbath Reading Schedule

2022-2023 | 5783-5784

The Sabbath, the seventh day of the week, was set apart and sanctified at creation to be a source of joy and delight for mankind. This day can be honored and remembered by setting aside a time of rest, prayer, worship, or study of the weekly Scripture reading.

A long-held practice in Jewish faith is the reading of predetermined portions of Scripture each Sabbath. This system is designed to cycle through the first five books of the Bible (the Torah) in one year. It is accompanied by a passage of Scripture called the Haftorah which is located in the prophets and has a similar message or theme as the Torah portion for that week. We have also included a passage from the New Testament that complements the Torah/Haftorah portion. The name of each portion is the first word from that portion in the Hebrew text. For example, the first portion is called Bereshit, which means "In the beginning."
